Superintendent's Message

You, as a member of the student body of an Overseas Dependents' School, are placed in the unique position of responsibility not required of your stateside counterpart. You are afforded an opportunity to make friends of foreign neighbors not only for yourself but also for your country. You are meeting this challenge by your display of friendliness and concern for those around you.

Lajes High School will continue to be interested in you and your accomplishments long after you depart the Azores. Let's keep our bond of friendship open. As you glance through the "Taurus," inform Lajes High School of experiences by mailing personal information to APO New York 09406.

I am confident that the school experiences accumulated at Lajes will grow more meaningful for you with each passing year, and that your academic achievements and established friendships will better qualify you to meet the challenge of the future.

"May we have a class meeting today please, Mr. Anderson?" "Everyone listen—PLEASE!" "I need a bake sale committee!" "What about class rings?" "Dues is due Friday, people!" "Hey, what's the theme for the Prom?" "Who wants to buy a Falcon pennant?"

Amid these and many other shouts, the Junior class slid through the year. Led by President Marie Daly, the class held bake sales, had a Turkey Raffle at Thanksgiving, sold Student Directories and Falcon pennants, had an AFRTS-Faculty basketball game, and conducted a couple of booths at the carnival —all to make money for the Junior-Senior Prom, which was held in the first part of May.

The Class of '70 held meetings during American History, thanks to the cooperation of Mr. Anderson, the sponsor. The cry then was "Seniors, get out!" Behind closed doors, plans were made and revised, a theme for the Prom was chosen, decorations were ordered and made—to the complete amazement of anyone listening to the chaos inside. Class rings were ordered, but only after several letters were written which resulted in mass confusion. What kind of year did the Class of '70 have? Hectic, but memorable!!

Annual Staff

Through hard work and determination, the task of gathering the recollections of this year's school activities has been a *long* but pleasant one.

Through hours of planning, picture-taking, cropping, copy-writing and checking, staff members have pieced together the history of this year.

It has been our ambition in compiling this record to give you a complete story in word and picture of the '69 school year.

who, though lacking in photogenic qualities, (after two attempts we failed to get a satisfactory picture), made up with that indispensable characteristic of the true journalist—persistence.

With their support through the printed word and an open literary forum, they struck sparks to lift our lagging year-end spirits. Take a bow!
